SECOM-D-167

30 April 1982

MEMORANDUM FOR: Members, DCI Security Committee

STAT  
FROM:

  
Chairman

SUBJECT: NSDD 19

1. Attached is a copy of a draft National Security Decision Directive proposed by an interdepartmental group which was chaired by Justice. This draft was part of the "Willard Report" done in response to NSDD-19. I have been tasked to prepare proposed DCI comments on this draft. Also attached for information is a copy of a memorandum I sent the DCI on implementation of NSDD-19.

2. I would like to have the comments of SECOM members - in their capacities as the senior security officers of their departments and agencies - on this draft NSDD to help me in preparing a balanced response for the DCI's signature. My deadline is short. If you wish to comment on this, may I have your inputs no later than 7 May 1982.
